

ROSHE G NEXT NATURE

MEN'S GOLF SHOES

DV1202

ROSHE G NN

When the sun’s beating down your back and your drive just landed in the bunker, lean into the Roshe 2, a design that can help you find your peace when your round isn't going your way. It’s inherently simple and stylish, breathable and comfortable, perfect for playing in those sizzling-hot months. A full mesh upper and a soft, lightweight foam midsole form a cushioned combination to help maintain your internal calm, even if your game goes in the gutter.

MADE WITH NIKE GRIND

See the speckles on the outsole? That means it's crafted with at least 8% Nike Grind material, made from scraps from the footwear manufacturing process.

NO SPIKES NEEDED

A spikeless, integrated traction pattern helps eliminate transition time from the rolling greens of the course to the concrete cart pathways and parking lots.
